## SKILLS

---

JavaScript, Typescript, React, GSAP Animations, Material UI, Chakra UI, Emotion Styling, Express, PostgreSQL, GraphQL, Prisma, Node.js, Next.js, Gatsby, Contentful, GitHub, Jira, Azure, AWS S3, Agile, Scrum

## EXPERIENCE

---

### Software Developer - *Detroit Labs*

July 2021 - Jan 2023

Detroit Labs clients include: Ford, GM, Dominos, Jimmy Johns, Volkswagen.

- **React/GraphQL Fullstack Developer** on Black Family Development, Inc project.
  - Constructed a headless cms using Gatsby in connection with Contentful for client editability.
  - Connected Contentful and the React application using GraphQL for accurate representation of client data
  - Architected many individual components referencing figma designs for project usage..
  - Implemented logical features across the app to ensure the website works as designed.
  - Configured app to be PWA compatible across many browsers and verified with google's lighthouse dev tool.
- **React Frontend Developer** on the [Driveway.com](#) cart-flow. Driveway is a direct competitor to Carvana.
  - Refactored geolocation endpoints for more efficient load times.
  - Contributed to Driveway UI component library using Material UI and StoryBook for a more efficient developer experience for our teams.
- Authored documentation to guide Junior Developers and new hires which made an effect on the hiring process.

### Website Formatter/Designer - *Yosemite National Park Service*

March 2021 - July 2021

Yosemite National Park Service manages and protects the areas of Yosemite.

- Total and absolute reconstruction of the [yoscommunity.com](#) website to help portray the Yosemite National Park Service as a professional and inviting organization. This website is a valuable resource and informer for 2000+ employees of Yosemite National Park.
- Communicated with multiple supervisors and departments to understand how they wanted to be individually represented on the website. Created copy/illustrations on many occasions.

## EDUCATION

---

### App Academy - Certificate of Completion

July 2020 - Feb 2021

App Academy is a vigorous and extremely reputable coding bootcamp with a less than 3% acceptance rate. Students undergo 1000+ hours of coding, lecture, reading, and pair programming as the core curriculum.

### Chaffey College

July 2016 - Feb 2017

Various studies included political science, writing, computer science, and video production.
